# Reliable Business Solutions

To meet today's ever increasing business challenges, your office needs a smooth, simple and reliable communications flow. Our fax solutions, the FAX1130L/1170L, seamlessly integrate a variety of capabilities and of course offer you the ease of use and durability you expect from a Ricoh product. Thanks to their fast 33.6 Kbps modem speed, 16 ppm print speed and high paper capacity, rapid communication is assured. Compactness is thought of too: with their small footprint and compact design, they fit on any desktop. Should you require extra print and scan functionality, you can opt for the FAX1170L and benefit from high quality 600 dpi printing and 200 dpi scanning. Immediately accessible and easy to maintain, these systems are exactly what you need to obtain a straightforward and cost saving fax workflow.

# Smooth and Optimised Faxing

Time and costs are something you cannot afford to waste, especially when it comes to your business communications.

With the FAX1130L/1170L you can rest assured: these fax solutions are reliable, easy to use and compact. With their high speeds and minimum maintenance, they will help you achieve the smooth fax workflow you are looking for.

To save time you can scan documents into memory while other fax messages are being sent and received.

## Time Saving Communication

Thanks to the systems' 16 ppm print speed, you receive your incoming faxes in no time. Your high productivity is further guaranteed by the FAX1130L/1170L's 33.6 Kbps modem which allows for transmission in merely 3 seconds. You can also scan documents into memory while other faxes are being sent or received with the Dual Access capability. And for extra time saving, you can send fax messages to numerous locations at the same time (Broadcasting).

## Compact and Straightforward Operation

You already have quite a few office devices around and space is valuable. Not to worry, with the FAX1130L/1170L's compact and space efficient design, they fit anywhere in the office without intruding on your workspace. Operating these systems could not be easier: a simplified operation panel allows you to transmit faxes in seconds. Additionally, toner replacement is trouble free. You simply open the front of the machine, pull out the all-in-one cartridge and slide in a new one.

## Continuous Availability

To optimise your business communications, you need a system that does not require extra attention. The FAX1130L/1170L come with a 250-sheet paper capacity so frequent refills are not necessary. You need not be concerned about missing out on a fax either: when paper or toner should run out, the systems' 2 MB memory is capable of storing up to 160 pages of important incoming fax messages.

## Faxing at your Convenience

You might have lengthy documents to fax but no time to spare. Simply use the FAX1130L/1170L's Auto Document Feeder and you can send up to 20 pages at the same time. To obtain an even smoother workflow, you can program the numbers of frequently contacted clients and suppliers. With 20 quick dials and 80 speed dials, faxing will be ever so efficient.

## Extra Multifunctionality

Occasionally you need to print a file or scan a document. Yet, investing in a separate printer and stand alone scanner seems uncalled for and expensive. Choose the FAX1170L and you have the answer: this system comes as a complete multifunctional fax solution offering 16 ppm laser printing (at true 600 dpi resolution) from your connected PC and 200 x 200 dpi scanning.

Operating the FAX1130L/1170L is straightforward and faxes are transmitted in seconds.

These powerful laser communication systems fit onto the smallest desk without intruding on work space.

## Specifications

### GENERAL

Type:	Desktop type transceiver
Circuit:	PSTN, PABX
Compatibility:	ITU-T Super G3 machines
Modem speed:	33.6 Kbps
Transmission speed:	3 seconds
Compression method:	MH, MR, MMR
Quick dial:	20 numbers
Speed dial:	80 numbers
Paper input capacity:	250-sheet paper tray + 1-sheet bypass tray
ADF capacity:	20 sheets
Memory capacity:	2 MB (160 pages) <sup>1</sup>
Memory backup:	72 hours
Document size:	A4
Halftone:	256 level
Scan speed:	6 seconds
Scan resolution:	Standard/Fine/Super Fine/Photo
Dimensions (W x D x H):	363 x 398.5 x 308.3 mm
Weight:	9.7 kg
Power source:	220 - 240 V, 50/60 Hz
Power consumption (energy saver mode):	Less than 12 W

### COPIER

Copy speed:	16 copies per minute
Resolution:	300 x 300 dpi
Enlargement/reduction:	50 - 150%

### PRINTER (FAX1170L)

Print speed:	16 prints per minute
Printer language/resolution:	GDI/600 x 600 dpi
Drivers:	Windows® 95/98/Me/XP/NT4.0/2000
Interface:	USB1.1 Parallel Port IEEE1284 (ECP)

### SCANNER (FAX1170L)

Scanner language/resolution:	TWAIN/200 x 200 dpi
Drivers:	Windows® 95/98/Me/XP/NT4.0/2000
Interface:	USB1.1 Parallel Port IEEE1284 (ECP)

### CONSUMABLES

- All-in-one cartridge (starter cartridge included)

<sup>1</sup> Based on ITU-T #1 chart.
